Response to twitter in the appeal form:

I'm publishing a public safety announcement due to the medical system's failure to provide therapy to gender questioning teens. They are being sterilized in exponentially growing numbers in an unregulated, unethical medical experiment. Silencing me leaves that many more families vulnerable to permanent damage due to transient mental health conditions. This conversation is reality, & the transgender medical community has a lot of money to make by ignoring reality. Listen to these women: <https://m.youtube.com/watch?v=tFAS-i2Xghs>

@TracySh67549071 @ErinBrewerin Just a picture if possible or maybe comic strip set. The message is simple: mentally sick ppl who takes drugs & cut up their formerly healthy bodies are trying to tell you there are fixed gender roles, which there aren't. Don't listen to them & tell your parents if they msg you.
